Peter Heymann, M.D.
Department of Pediatrics
MR4, Box 29, Room 5061

Dear Peter,

I would be delighted to provide you with biostatistical support in your investigation into the "development of inhalant allergy and asthma in children". While participating in your project in all aspects of statistical modeling, analysis, and data interpretation, I also offer you the full support of the Division of Biostatistics. I look forward to working with you on this very exciting project.

Sincerely yours,

Robert D. Abbott
